

## Introducing CFS

The customer is at the center of all we do, as we partner with our clients to help them transform their businesses.

With our exceptional understanding of emerging trends, industry disruptors and end user needs, CFS understands the implications for your business, and helps you brace for change and embrace transformation.

Our team of seasoned professionals possesses a wide range of skill sets, real-world experience and broad industry knowledge. Together we provide innovative thinking around adjacent markets, new revenue streams, and emerging business models for our clients.

## Transportation

Companies in transportation and logistics feel constant pressure to reduce costs and improve efficiencies. Whether it's a private fleet of trucks or a logistics company entrusted to transport goods for other businesses, wireless technologies and sensors are becoming a staple in their operations. The ability to see in real-time the disposition of a container and the status of the goods inside it, or to provide predictive maintenance before an incident or failure occurs, is essential for today's transportation and logistics companies.

### **CFS can help guide businesses in the transportation industry transform by:**

- Identifying opportunities to use mobile technologies throughout your supply chain to help streamline operations
- Leveraging technology to deliver the transparency customers demand
- Guiding companies with fleets on how to equip vehicles with mobile technologies to improve fleet performance and operations
- Preparing your organization to assimilate and decipher the data being collected
- Applying our deep and rich heritage in mobility, business analytics and digital technologies across your organization

## Our Approach

CFS is a management consultancy firm, specializing in Strategic Analysis, Strategic Marketing and Go-to-Market planning for clients that are wrestling with disruption or struggling with reinvention.

Each client engagement is unique and customized, but below you will find some of our capabilities and past engagement experiences in the three areas:
